Erzeugtes Datum	Kürzel	Gebühren	Preis
16.01.2022 19:39	SSL2022N31277200066	✓	2,600.00 CHF

3. Swiss Sailing League Women CUP 2022, Biel-Bienne

The registration for the event in Biel-Bienne, from May 13 to May 15, 2022, is now open. Please register in manage2sail your participation: [Swiss Sailing League Women's Cup 2022 - Biel-Bienne manage2sail](#)

Please be aware that on Thursday, May 12, as of 12:30 we offer a practise slot to the teams. The registration of your practise session you also find on the ONB of the event.

4. Transport SSLA Equipment

Also this year, SSLA is asking teams to transport equipments after a SSL event to the next one ("Circus Knie"). We have six J/70s, 1 Robotic Mark trailer and 2 RIBs.

In M2S we listed in the ONB two documents:

- Info to sailors for transports (e.g. Ascona - Nidau)
- Compensation form SSL transport 2022

Please also check chapter 5.3 "Transport Fee and Remuneration". We are thankful for every transport.

5. Bibs

To motivate you and your team mates to wear the bibs again kind of strictly, it was requested at the General Assembly 2021 to provide a laundry and transport service. More information about this new service, you will find in M2S under [Swiss Sailing League 2022 Registration manage2sail](#). In addition there is also a form "SSL Bibs order form 2022" in case you wish to have new bibs.

6. SSLA Handbook

The scope of this handbook (it will be available in April 2022 and distributed first to the women participating at the Women Camps in Tenero) is to have major information at disposition for all involved parties at a Swiss Sailing League event. It is an aide memoire for race officials, sailors and others involved. The described points are related to Swiss Sailing League events and binding for the various functions. We expect that persons involved know the content of this handbook and act accordingly. The Swiss Sailing League Association is the OA (Organising Authority) for all SSL League events, thus ultimately responsible for the success and problem free event procedures. It is our intention that the handbook is a helping lecture for Sailors, Race Officials and their teams, event organiser, etc.; we recommend reading it through before the event.

Validity: All race officials working at an SSL event are required to apply the procedures and

operations as described in this manual, provided as they do not contradict the applicable rules.

7. Missing Gennaker

SSLA is missing the a Gennaker, with the ticket number OUK4017442-009. In case you have it, pls. let us know.

Best regards,

Philipp Koch
President Swiss Sailing League Association
