

WOMEN'S LEAGUE 2027

Why Join the Women's League?

Swiss Sailing League · Women Series

SAILING | EXCITEMENT | EMOTION

1

Meet women who share your passion.

You'll meet female sailors from across Switzerland, of all ages and backgrounds. It's a wonderful opportunity to exchange experiences, learn from each other, make friends, laugh together and grow as sailors.

2

You don't need to be experienced racers!

If you are new to regatta sailing or have been away from racing courses for a while, the Women's League is the perfect (re-)entry for you. Women-only events are an ideal platform to gain experience, build confidence and develop your racing skills. Some members of your team should bring basic racing knowledge, and otherwise our motto is "learning by doing."

3

Learn from experienced sailors and experts.

We offer training camps, coaching at events and umpire debriefings with experienced experts. Whether you are learning the basics or refining your tactics, the league offers plenty of opportunities to improve.

4

Ambitious? The league grows with you.

As your team gains experience and becomes more competitive, the Women's Super League is the exciting next step. There is a clear pathway from your first league races to competing for the Swiss Championship title.

And most importantly – it's fun!

League racing is fast-paced and exciting. Races are short, manoeuvres need to be quick, and there's always something happening on the water. The format keeps everyone involved from start to finish. And trust us when we say: once you've tried league racing, there's a good chance you'll get hooked!
